RECOMMENDATION

The General Manager recommends that the Board of Directors:

1. Adopt a Resolution of Intention to Order Improvements;
2. Grant preliminary approval of the attached draft Engineer's Report for the proposed operation of the East Contra Costa County Landscaping and Lighting Assessment District (ECCC-I LLD) for fiscal year 2024/2025 (7/1/2024 - 6/30/2025);
3. Establish Tuesday, the 18th day of June 2024, at the hour of 1:00 p.m. as the time to conduct a public hearing and instruct the Clerk of the Board to provide appropriate public notice of the hearing, as required by the Landscaping and Lighting Act of 1972.

BACKGROUND

When the East Contra Costa County area was annexed to the Park District in 1981, the annexation occurred without corresponding redistribution of tax revenues to the Park District. The East Contra Costa County Landscaping and Lighting Assessment District (ECCC LLD) was formed on December 17, 1991 to address this issue and provide funding for operation and maintenance of regional parks, open space and trail operation in East Contra Costa County.

The ECCC LLD was formed prior to the passage of Proposition 218 and is thus considered a "grandfathered assessment." As required by Proposition 218, 67.8% of voters in the East Contra Costa County area reaffirmed the continuation of the ECCC LLD in 1996.

ANALYSIS

The assessment rate has remained unchanged since the adoption of the ECCC LLD Assessment District in 1991. Single family units on a single parcel are assessed at \$19.70 per unit. For 2024/2025

there are 41,410 single family units, as well as 614 units with between two- and four- residential units on a single parcel, which are assessed at this rate. Other multi-residential units are assessed at proportionately reduced rates. Apartments of five units or more are assessed at 0.5 units per individual unit, or \$9.85. There are 2,061 multiple living units assessed at this rate. Hotels, motels and mobile home parks are subject to assessment at a rate of 0.25 units per individual living unit, or \$4.92 per unit. In fiscal year 2024/25 there are 1,028 such units.

At the public hearing on June 18, 2024, the Board will receive public comments and then determine whether the Draft Engineer's Report (work program, budget and rate of assessment) is to be approved.

The requested Board action herein also provides instructions to the Clerk of the Board to publicize the details of the public hearing, in accordance with requirements established in the State statute.

Over time, additional fund balance has accumulated in the East Contra Costa County LLD. Staff will be recommending that \$50,000 of these funds be appropriated via Board action on June 18, 2024 for a habitat restoration & non-native species grasslands eradication project at Vasco Hills.

FISCAL IMPACT

Assessment revenues, disregarding delinquencies, totaling \$853,054 are expected to be raised from the ECCC LLD proceeding. These revenues are anticipated in the 2024 and 2025 calendar-year budgets and are restricted to improve, maintain and protect parkland, open space, trails and related access within the boundaries and provisions as described in the attached draft Engineer's Report. An appropriation of \$50,000 from ECCC LLD (Fund 221) that will utilize existing fund balance will be requested at the June 18th meeting for a habitat restoration and non-native grasslands eradication project at Vasco Hills.
