**RECOMMENDATION**

This is an informational item.

**BACKGROUND**

The Interpretive and Recreation Services Southeast Region includes the workgroups for the Northeast, Southeast, Delta, Del Valle, and Ardenwood Interpretive teams, as well as the Community Services and Volunteers workgroup. This update will review 2023 accomplishments and provide an overview of work plans for these groups in 2024, focusing on the goals that will support the Park District overall.

The largest of these work plan goals is the addition of a second supervisor position within the Community Services and Volunteers work group to oversee the Park's Transportation staff. This new position will have a significant impact on outreach efforts, administrative oversight, expansion of bus services, and the growth of volunteer opportunities. The Board of Directors authorized the addition of the new position in the adopted 2024 budget.
