

# AB 2091 (Grayson D-Concord) Existing Trails for Nature Access

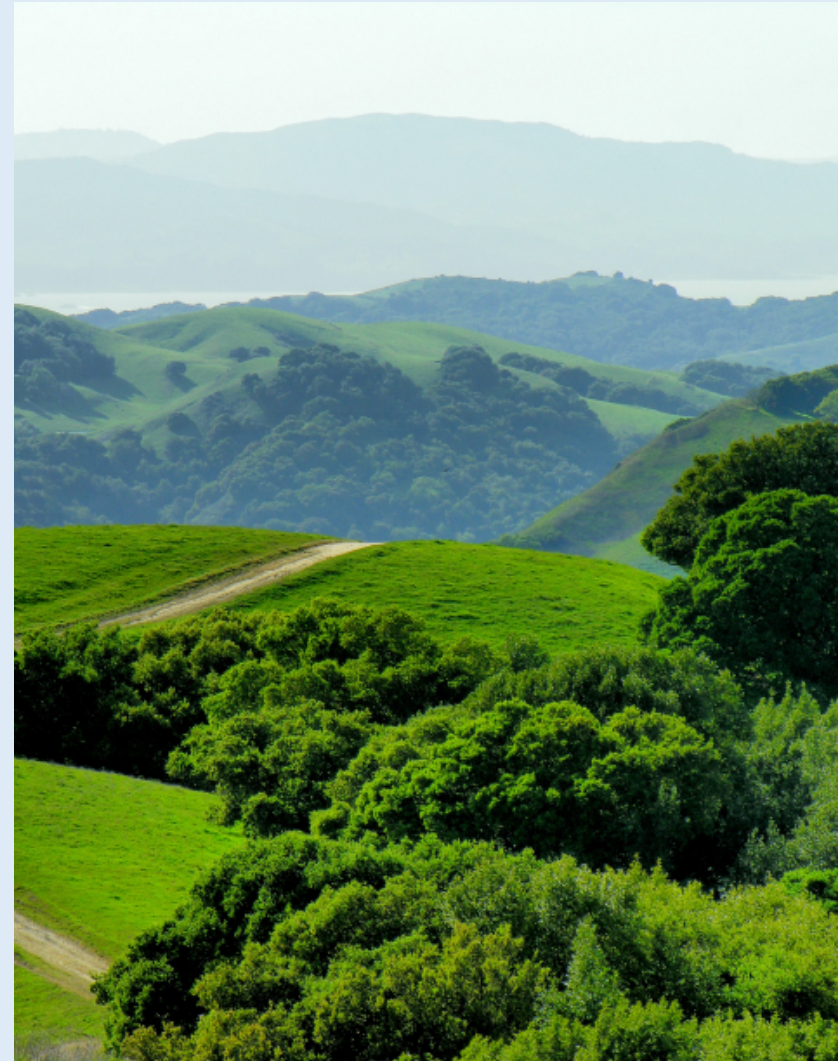

April 2, 2024

# AB 2091 - Introduction

- Assembly Member Grayson has introduced legislation to support public park access on existing trails, pathways, roads and disturbed lands
- This legislation seeks to support and advance public access to open space in alignment with the state's *Pathways to 30x30* and *Outdoors for All* goals
- By reducing delays and costs associated with CEQA review, the bill ensures timely access to nature, advancing both conservation efforts and public well-being in line with the state goals

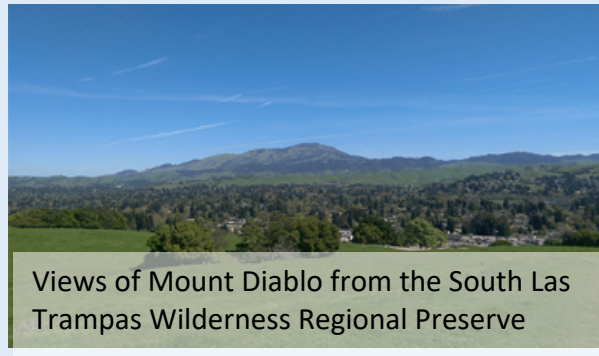

# AB 2091 - Engagement and Support

- 2024 State Advocacy Conference Engagement
- Support for AB 2091 from partners including:
  - California Association of Recreation and Park Districts
  - Save Mount Diablo
  - John Muir Land Trust
  - Sonoma County Regional Parks
