East Bay Regional Park District
2025-2026 Legislative Program

Advocacy Goals and Objectives of the East Bay Regional Park District

When: Tuesday, January 28, 2025

Where: Sacramento

Purpose: To engage with the East Bay Regional Park District's state delegation on relevant priorities, opportunities and challenges

Who: East Bay Regional Park District Board of Directors, Leadership and Government and Legislative Affairs Staff

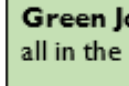

Park District Key Advocacy Goals

Meetings with the Park District's state delegation and partner agencies wherein the Park District Board of Directors will highlight specific priority issues in alignment with the 2025-2026 Legislative Program's goals and objectives, including:

- Advance legislation to modernize Public Resources Code 5500
- Advocate for state funding and policy support to advance the Park District's prioritized capital projects
- Advocate for state legislation and funding for wildfire resilience projects, including grants for vegetation management to enhance safe, healthy forests and grasslands

Climate-Friendly Transportation: To expand accessibly active and public transportation to and within East Bay parks and trails.

Green Jobs: To guide the development of career pathways for all in the parks, recreation, outdoor and environmental fields.

Ecosystem Stewardship: To support ecosystem health through restoration, acquisition and habitat enhancement, and improved efficiencies in regulatory approvals.

Extreme Weather Preparedness: To address sea level rise, lake health and other climate-related challenges with nature-based infrastructure and proactive mitigation strategies.

Welcoming Visitor Use Facilities: To ensure all visitors feel welcomed to the East Bay parks and trails by providing facilities which are safe, accessible, inclusive and sustainable.

Wildfire Resilience: To minimize the risk of catastrophic wildfire in the East Bay by using proactive, ecologically sound vegetation management strategies.

Overview of Conference Meeting Agendas

1. Introductions

2. Topics:

- Support for sponsored PRC 5500 modernization legislation.
- Support for sponsored East Bay Hills area of statewide significance legislation.
- Support for early implementation of Prop. 4 programs supporting the Park District.
- Thank you

Public Resources Code 5500 Modernization - Sponsored Legislation

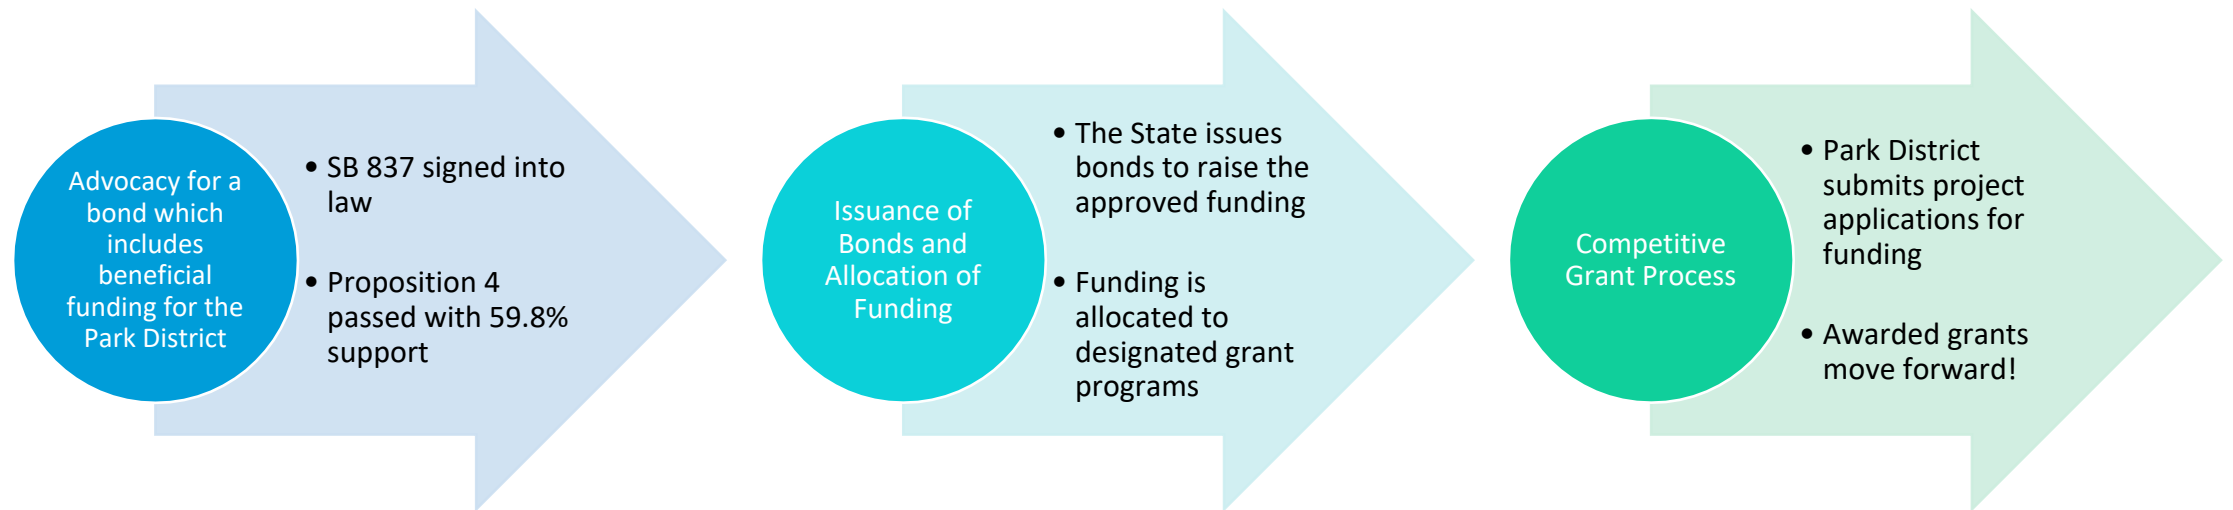

- Amendments would modernize governance, compensation, operational frameworks and land management practices for regional park districts under this code section.
 - Enhances inclusivity, efficiency and responsiveness to contemporary challenges such as climate change, extreme weather, equity and sustainable management of open space.
 - Key changes: Adopting gender-inclusive language, revising board member compensation to a flat monthly rate with annual adjustments and labor-saving administrative purchasing efficiencies.
 - Improves productivity and saves costs.
 - Revisions aim to improve governance, address evolving environmental and social needs, and support the long-term sustainability of regional park resources.
-

East Bay Hills Conservation Program - Legislative Proposal

- Would establish the East Bay Hills Conservation Program under the Park District to protect and enhance the natural and recreational resources of the East Bay Hills, recognizing this over 30,000-acre area spanning Alameda and Contra Costa Counties as an area of statewide significance.
 - Aims to support the Park District's commitment to restore ecosystems, enhance watersheds, improve wildlife habitats, promote climate and wildfire resilience, manage erosion and maintain public trails, while recognizing the region's cultural significance as ancestral lands of Ohlone and Bay Miwok.
 - Opportunity to receive direct funding aimed at supporting the goals of the conservation area aligned with broader conservation, climate initiatives and expanded community access to nature.
-

Proposition 4 “2024 Climate Bond” Progress Snapshot

The Park District would be competitive for approximately \$1.91 billion of the total \$10 billion bond.
