TITLE	Update on Grants from May 22, 2024 to June 17, 2024
DIVISION	Finance and Management Services
FROM	Katy Hornbeck, Grants Manager Deborah Spaulding, Assistant General Manager of Finance & Management Services / Chief Financial Officer
APPROVED	Sabrina Landreth, General Manager

RECOMMENDATION

This is an informational item.

BACKGROUND

Representatives from the East Bay Regional Park District's (Park District) Grants Department will provide a briefing report on recently applied and awarded grants, as detailed in the attached Grants Report.

ANALYSIS

The Grants Department works closely with the General Manager's Office to actively apply, secure, and manage grant funding through a District-wide collaborative effort. This work also includes strategic and sustained engagement with funding agencies for submission, responsiveness on additional information, feedback on applications not selected for grant funding, and management of grant when funds are awarded.

As of June 17, 2024, the Park District submitted five grant applications to support capital improvement and restoration projects with a value of \$5.6 million. All projects are in alignment with the state and Federal 30x30 Conservation Initiatives with the intention to accelerate the Park District's mission delivery in three primary areas: protection and restoration of biodiversity, expand access to nature, and mitigate and build resiliency to a changing climate.

No grants were awarded in this reporting period.
