

**EAST BAY REGIONAL PARK DISTRICT
BOARD OF DIRECTORS MEETING
AGENDA STAFF REPORT**

DATE	June 4, 2024
TITLE	Recommendation to Support State Legislation AB 3023 and AB 3147
DIVISION	General Manager's Office
FROM	Erich Pfuehler, Chief of Government & Legislative Affairs Dr. Ana M Alvarez, Deputy General Manager
APPROVED	Sabrina Landreth, General Manager 

RECOMMENDATION

The General Manager recommends the Board of Directors approve extending support of the following state legislation: AB 3023 and AB 3147.

BACKGROUND

As part of the 2023-2024 Legislative Session, the East Bay Regional Park District (Park District) Board of Directors will take formal positions on bills as they are introduced and considered by their respective Legislatures. To guide bill analysis, the Park District's Board of Directors established seven key advocacy goals through Resolution No.: 2024 – 01 – 003. These advocacy goals strive to align funding and policy advocacy with identified project and program needs and priorities. Guided by the Park District mission, elected Board of Directors and General Manager, Government and Legislative Affairs staff work to align advocacy goals with Park District needs. Overarching principles include equitable service delivery, advancing climate resiliency adaptation and mitigation, guiding work with an environmental ethic, supporting inclusive interpretation and educational opportunities, increasing conservation through land acquisition, and ensuring the fiscal health of the Park District. The specific goals are as follows:

- Climate - Friendly Transportation: To expand accessible active and public transportation to and within East Bay parks and trails.
- Community Health: To ensure equitable access to parks so all East Bay communities can enjoy the physical and psychological benefits of nature.
- Ecosystem Stewardship: To support ecosystem health through restoration, acquisition and habitat enhancement, and improved efficiencies in regulatory approvals.
- Green Jobs: To guide the development of career pathways for all in the parks, recreation, outdoor and environmental fields.
- Sea Level Rise Preparedness: To address sea level rise with nature-based infrastructure and initiate mitigation strategies regarding climate change.
- Welcoming Visitor Use Facilities: To be sure all visitors are welcomed to the East Bay parks and trails by providing facilities which are safe, accessible, inclusive, and sustainable.
- Wildfire Resilience: To minimize the risk of catastrophic wildfire in the East Bay by using proactive vegetation management which is ecologically sound.

ANALYSIS

The legislation proposed for support by the Park District, as listed below, has been identified based on its alignment with at least one of the seven key advocacy goals of the Park District and support for overarching principles of advocacy as approved by resolution no.: 2024 – 01 – 03. To engage on the identified bills, the proposed resolution will direct staff on specific actions related to Park District supported legislation, including writing letters of support, participating in bill hearings in Sacramento and engaging with the author or relevant elected official's offices directly.

Of the two legislative acts recommended for support, one is focused on climate-friendly transportation and the other on wildfire resilience.

AB 3023 (Papan D-San Mateo) Wildfire Mitigation Task Force aligns with the advocacy goal of wildfire resilience. This legislation would develop a task force to support coordination of wildfire mitigation efforts within state watershed restoration plans and initiatives. This effort aims to align climate, biodiversity, water preservation and wildfire mitigation through a holistic approach to ecosystem management.

AB 3147 (Garcia D-Coachella) California Trails Conservancy Program aligns with the advocacy goal of climate-friendly transportation. This legislation would establish the California Trails Conservancy Program within the California Natural Resources Agency. Specifically, this program would establish specific goals and objectives to promote, enhance and expand environmentally sound greenways and trail networks within the State of California. This program would align with and compliment the Park District's trail program and goals.

FISCAL IMPACT

There is no fiscal impact.

ATTACHMENTS

None.

**EAST BAY REGIONAL PARK DISTRICT
RESOLUTION NO. 2024 -06 -
JUNE 4, 2024**

RECOMMENDATION TO SUPPORT STATE LEGISLATION AB 3023 AND AB 3147

WHEREAS, the East Bay Regional Park District strives to engage on legislative actions in alignment with its identified key advocacy goals including wildfire resilience, sea level rise preparedness, community health, ecosystem stewardship, green jobs, welcoming visitor use facilities and climate-friendly transportation; and

WHEREAS, across all identified focus areas, overarching principles include equitable service delivery, advancing climate resiliency adaptation and mitigation, guiding work with an environmental ethic, supporting inclusive interpretation and education opportunities, increasing conservation through land acquisition, and ensuring the fiscal health of the Park District; and

WHEREAS, the legislation identified in this report (AB 3023 and AB 3147) aligns with these goals and principles; and

WHEREAS, this resolution affirms the Park District's support of the identified legislation and serves as direction to provide letters of support, participate in bill hearings, and engage with the bill authors as appropriate to support the advancement of the identified legislation.

NOW, THEREFORE BE IT RESOLVED, that the Board of Directors of the East Bay Regional Park District hereby support state legislation AB 3023 and AB 3147 as presented to the Board on June 4, 2024; and

BE IT FURTHER RESOLVED, that the General Manager is hereby authorized and directed, on behalf of the Park District and in its name, to execute and deliver such documents and to do such acts as may be deemed necessary or appropriate to accomplish the intentions of this resolution.

Moved by Director _____, and seconded by Director _____, and adopted June 4, 2024, by the following vote:
