TITLE	Oral Histories Update
DIVISION	Public Affairs
FROM	Brenda Montano, Archives Program Supervisor Jordan Traverso, Division Lead Communications Officer
APPROVED	Sabrina Landreth, General Manager 

RECOMMENDATION

This item is for informational purposes only.

BACKGROUND

Archives Program Supervisor Brenda Montano will provide a brief overview of the status and progress of the Park District's Oral History Program since presenting to the Natural and Cultural Resources Committee on this topic in 2021. This year, the Archives Department is ready to launch a web portal for the Park District's website utilizing the Archives' collections management system Re:discovery Proficio. This new resource will provide staff and the public the opportunity to research the oral history collection and have access to read or download the transcripts. Archives staff Crystal Jimenez will assist with presenting this new feature to the Committee.
