<b>DATE</b>	March 5, 2024
<b>TITLE</b>	Authorization to Purchase One 3000-Gallon Portable Restroom Vacuum Tank Truck in the Total Amount of \$290,000 from West-Mark as an Addition to the Fleet

**RECOMMENDATION**

The General Manager recommends that the Board of Directors authorize the purchase of one 3000-gallon Portable Restroom Vacuum Tank Truck from West-Mark of Ceres, California at a total cost of \$290,000.00 as an addition to the fleet.

**BACKGROUND**

The funding to purchase this new 3000-gallon Portable Restroom Vacuum Tank Truck was approved as part of the 2024 Park District operating budget. Currently, the Park District has pumper trucks that are used by the Sanitation Department to service CXT and portable restrooms. This vacuum truck will be an addition to the fleet assigned to the Sanitation Department. This addition will increase overall servicing efficiencies during non-storm events and will now provide additional service capacity for our trained sanitation staff who respond to District emergencies. This new truck is diesel-powered and will be refueled using non-petroleum-based Renewable Diesel (RD-99).

This 3000-gallon Portable Restroom Vacuum Tank Truck is available for purchase directly from West-Mark of Ceres, California, by means of Sourcewell Contract # 060920-CER. The contract pricing is the result of a competitive bid process and open to all federal, state, and local governmental entities. Public agencies electing to use this method of equipment acquisition avoid the administrative costs of seeking formal bids.

**ANALYSIS**

The Park District replaces fleet vehicles and equipment on a regular basis; generally, items are retired due to age, high mileage, and/or declining condition. Additions to the fleet are also added to the annual budget to support new initiatives or needs. Whether additions or replacement, alternatively fueled vehicles (e.g., hybrid, electric, renewable fuel) are purchased whenever appropriate to align with ongoing fleet greening initiatives and Resolution No. 2009-04-102, which established a sustainability policy in the Park District in 2009. For this purchase, staff has determined that there is no significant advantage in formally seeking other bids; therefore, none are recommended.

**FISCAL IMPACT**

Funding for these purchases is allocated in the 2024 Adopted Budget. No additional appropriation is necessary.
