**EAST BAY REGIONAL PARK DISTRICT
BOARD OF DIRECTORS MEETING
AGENDA STAFF REPORT**

DATE	March 18, 2025
TITLE	Authorization to Appropriate \$75,000 into the Vasco Hills Area Management Project: Vasco Hills Regional Preserve
DIVISION	Acquisition, Stewardship, and Development
FROM	Brian Holt, Division Lead of Planning, Trails, Cultural Resources & GIS Ken Wysocki, Assistant General Manager of Acquisition, Stewardship & Development
APPROVED	Sabrina Landreth, General Manager 

RECOMMENDATION

The General Manager recommends the Board of Directors authorize the appropriation of \$75,000 from Mitigation Fund 257 into the Vasco Hills Area Management Project for land management activities in Vasco Hills Regional Preserve and the surrounding vicinity.

BACKGROUND

The East Bay Regional Park District (Park District) occasionally accepts land dedications and funding from private developers to mitigate for impacts caused by urban development. Some of these funds are held in Mitigation Fund 257 and require Board of Directors action to appropriate into a project account for expenditure.

In 2013, William Lyon Homes paid the Park District \$798,080 for long-term management of two, non-contiguous areas within the Souza property in Vasco Hills Regional Preserve (labeled Souza Lyon Homes Conservation Area on the enclosed figure). These payments satisfied mitigation requirements associated with construction of William Lyon Homes' Vista Del Mar housing project in Pittsburg. The Park District placed \$798,080 in Mitigation Fund 257 for long-term management of the Souza Lyon Homes Conservation Area and surrounding vicinity. With accrued interest, the fund now totals \$991,386.

Staff recommends the Board of Directors authorize the General Manager to appropriate \$75,000 from Mitigation Fund 257 into the Vasco Hills Area Management Project #700100 for land management activities to benefit the Souza Lyon Homes Conservation Area and vicinity. Initial expenditures will include removal of unused infrastructure such as fences, gates, and antennae. Future expenditures may include site clean-up, resource protection, or similar activities.

ANALYSIS
